Make and Receive Landline and Cellular Calls

Connect to BLUETOOTH® wireless technology-enabled cellular phones to make and receive cellular calls with the ease and comfort of a home phone system.

Mobile Notifications

Know when your Android mobile phone receives a text, e-mail or social media update. Each handset beeps and displays which kind of message was received. You can also receive calendar reminders through the system.

Virtual Multi-Line Operation

Pair up to two cellular lines and one landline with your cordless system. Then, enjoy the freedom to make and receive calls on all three lines—all at once.
