## Voice Command

Picks up calls without pressing a button. Simply say "answer" while the phone is ringing and the headset will automatically connect to the call.

## AT&T Softphone Call Manager

Bring online calls off the screen and into your home phone system. AT&T Softphone Call Manager merges Microsoft® Lync®, Skype™, VoIP and landline telephone services for flexible, full-access communication on one convenient system.

## Handset Lifter

Answer and end your calls with the touch of a button. The lifter moves the handset up and down automatically, so you don't have to.
