DECT 6.0 cordless telephone

vtech® Abridged user's manual

Congratulations

on purchasing your new VTech product. Before using this telephone, please read Important safety instructions.

This abridged user's manual provides you with basic installation and use instructions. A limited set of features are described in abbreviated form.

Please refer to the online user's manual for a full set of installation and operation instructions at www.vtechphones.com.

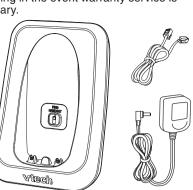

Telephones identified with this logo have reduced noise and interference when used with most T-coil equipped hearing aids and cochlear implants. The TIA-1083 Compliant Logo is a trademark of the Telecommunications Industry Association. Used under license.

The ENERGY STAR® program (www.energystar.gov) recognizes and encourages the use of products that save energy and help protect our environment. We are proud to mark this product with the ENERGY STAR® label indicating it meets the latest energy efficiency guidelines.

What's in the box

Your telephone package contains the following items. Save your sales receipt and original packaging in the event warranty service is necessary.

1 set for CS6114-2 -----

Important safety

You can choose to connect the telephone base

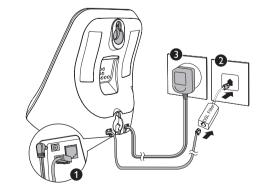

for desktop usage or wall mounting.

- **Ø**NOTES
- Use only the adapters provided. Make sure the electrical outlets are not controlled by
- The adapters are intended to be correctly oriented in a vertical or floor mount position. The prongs are not designed to hold the plug in place if it is plugged into a ceiling, under-the-table or cabinet outlet

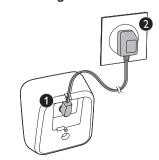

If you subscribe to digital subscriber line (DSL) highspeed Internet service through your telephone line, make sure you install a **DSL filter** (not included) between the telephone line cord and telephone wall jack. Contact your DSL service provider for more

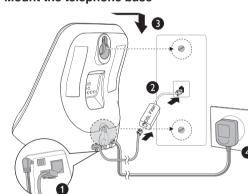

Connect the telephone base

Connect the charger

Mount the telephone base

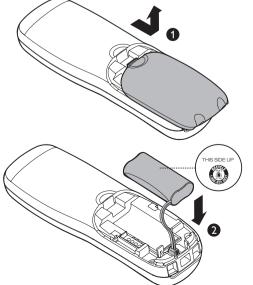

Install and charge the battery

Install the battery

Install the battery as shown below.

- Use only supplied battery.
- Charge the battery provided with this product only in accordance with the instructions and limitations specified in this manual.
- If the handset will not be used for a long time, disconnect and remove the battery to prevent possible leakage.

Charge the battery

charger to charge.

Once you have installed the battery, the handset LCD display indicates the battery status (see the table below)

ØNOTES

- For best performance, keep the handset in the telephone base or charger when not in use. • The battery is fully charged after 16 hours of
- continuous charging. If you place the handset in the telephone base or
- the charger without plugging in the battery, the screen displays No battery.

| | Battery indicators | Battery status | Action |
|--|---|---|--|
| | The screen is blank, or displays Put in charger and flashes. | The battery has no or very little charge. The handset cannot be used. | Charge without interruption (at least 30 minutes). |
| | The screen displays Low battery and () flashes. | The battery has enough charge to be used for a short time. | Charge without interruption (about 30 minutes). |
| | The screen displays HANDSET X. | The battery is charged. | To keep the battery charged, place it in the telephone base or charger when |

Before use

After you install your telephone or power returns following a power outage, the handset will prompt you to set the date and time.

Set date and time

- 1. Use the dialing keys (0-9) to enter the month (MM), date (DD) and year (YY). Then press
- 2. Use the dialing keys (0-9) to enter the hour (HH) and minute (MM). Then press ▼ or ▲ to
- choose AM or PM. 3. Press **SELECT** to save.

Check for dial tone Press 🖫. If you hear a dial tone, the installation is

successful If you do not hear a dial tone:

- Make sure the installation procedures described above are properly done.
- It may be a wiring problem. If you have changed your telephone service to digital service from a cable company or a VoIP service provider, the telephone line may need to be rewired to allow all existing telephone jacks to work. Contact your cable/VoIP service provider for more information.

Operating range

This cordless telephone operates with the maximum power allowed by the Federal Communications Commission (FCC). Even so, this handset and telephone base can communicate over only a certain distance - which can vary with the locations of the telephone base and handset, the weather, and the layout of your home or office.

When the handset is out of range, the handset displays Out of range or no pwr at base.

If there is a call while the handset is out of range, it may not ring, or if it does ring, the call may not connect well when you press 💸. Move closer to the telephone base, then press 🗞 to answer the

If the handset moves out of range during a telephone conversation, there may be interference. To improve reception, move closer to the telephone base.

Use the handset menu

- 1. Press **MENU** when the phone is not in use.
- 2. Press ▼ or ▲ until the screen displays the desired feature menu
- Press SELECT.
- To return to the previous menu, press CANCEL.
- To return to idle mode, press and hold

Configure your telephone

Set language

The LCD language is preset to English. You can select English, French or Spanish to be used in

- all screen displays. 1. Press **MENU** when the handset is not in use.
- 2. Scroll to **Settings**, then press **SELECT** twice.
- 3. Scroll to choose English, Français or Español.

4. Press **SELECT** twice to save your setting.

- Set date and time
- 1. Press MENU on the handset when not in use. 2. Scroll to **Set date/time** and then press SELECT. 3. Use the dialing keys (0-9) to enter the month
- (MM), date (DD) and year (YY). Then press
- Use the dialing keys (0-9) to enter the hour (HH) and minute (MM). Then press ▼ or ▲ to choose AM or PM.
- 5. Press SELECT.

Temporary tone dialing

If you have pulse (rotary) service only, you can switch from pulse to touch-tone dialing temporarily during a call.

1. During a call, press **TONE**★.

2. Use the dialing keys to enter the relevant number. The telephone sends touch-tone signals. It automatically returns to pulse dialing mode after you end the call.

Make a call

• Press 💸, and then dial the telephone number.

Answer a call

Press or any of the dialing keys.

End a call:

• Press **OFF** or put the handset back in the telephone base or charger.

Volume

• During a call, press VOL- or VOL+ to adjust the listening volume

The mute function allows you to hear the other party but the other party cannot hear you.

- 1. During a call, press MUTE. The handset displays Muted.
- 2. Press **MUTE** again to resume the conversation. The handset displays Microphone on briefly.

Join a call in progress (for multiple handset models only)

You can use three handsets at a time on an outside call

- When a handset is already on a call, press 🎨 on another handset to join the call.
- · To exit the call, press OFF on the handset or place it in the telephone base or charger. The call continues until all handsets hang up.

Call waiting

When you subscribe to call waiting service from your telephone service provider, you hear an alert tone if there is an incoming call while you are already on a call

- Press FLASH to put the current call on hold and take the new call.
- Press FLASH at any time to switch back and forth between calls.

Find handset

Use this feature to find the system handset.

To start paging:

 Press FIND HANDSET on the telephone base when not in use. All idle handsets ring and display ** Paging **.

To end paging:

base.

handset

ØNOTE

more than four seconds. It may lead to handset

Press /FIND HANDSET at the telephone

Press or any of the dialing keys on the

Do not press and hold FIND HANDSET for

Redial list

deregistration.

Each handset stores the last five telephone numbers dialed. When there are already five entries, the oldest entry is deleted to make room for the new entry

Review and dial a redial list entry

- 1. Press **REDIAL** when the handset is not in use. 2. Press **▼**, **▲** or **REDIAL** repeatedly until the
- desired entry displays. 3. Press 🕻 to dial.

Delete a redial list entry

 When the desired redial entry displays, press DELETE.

Directory

The directory can store up to 30 entries, which are shared by all handsets. Each entry may consist of a telephone number up to 30 digits, and a name up to 15 characters.

Add a directory entry

1. Enter the number when the phone is not in use. Press MENU, then go to Step 3.

Use the dialing keys to enter the number.

Press MENU when the phone is not in use, then press **SELECT** to choose **Directory**. Press **SELECT** again to choose **Add contact**.

-OR-Copy a number from the redial list by pressing **REDIAL** and then press **▼**, **▲** or **REDIAL** repeatedly to select a number. Press SELECT

- 3. Press **SELECT** to move on to enter the name.
- 4. Use the dialing keys to enter the name. Additional key presses show other characters of that particular key.
- 5. Press **SELECT** to save.

to copy the number.

While entering names and numbers, you can:

- · Press **DELETE** to backspace and erase a digit or character.
- Press and hold DELETE to erase the entire
- Press ▼ or ▲ to move the cursor to the left or
- Press and hold PAUSE to insert a dialing pause (for entering numbers only).
- Press 0 to add a space (for entering names

Review a directory entry

Entries are sorted alphabetically 1. Press when the phone is not in use.

2. Scroll to browse through the directory, or use the dialing keys to start a name search.

Delete a directory entry

- 1. When the desired entry displays, press
- 2. When the handset displays Delete contact?, press SELECT.

Edit a directory entry

- 1. When the desired entry displays, press SELECT.
- 2. Use the dialing keys to edit the number, then press **SELECT**.
- 3. Use the dialing keys to edit the name, then press **SELECT**.

Dial a directory entry

When the desired entry appears, press to

Caller ID

If you subscribe to caller ID service, information about each caller appears after the first or second ring. If you answer a call before the caller information appears on the screen, it will not be saved in the caller ID log.

The caller ID log stores up to 30 entries. Each entry has up to 24 digits for the phone number and 15 characters for the name.

If the telephone number has more that 15 digits, only the last 15 digits appear. If the name has more than 15 characters, only the first 15 characters are shown and saved in the caller ID

Review a caller ID log entry

- 1. Press CID when the phone is not in use. 2. Scroll to browse through the caller ID log.

Missed call indicator

When there are calls that have not been reviewed in the caller ID log, the handset displays XX missed calls
